

# NSWS UPDATE: 3/24/20

March 24, 2020

Dear NSWS Families,

As we begin transitioning Waldorf education to life beyond our physical school campus, I would like you to know how proud I am of our faculty, admin team and board. Since our school closed its physical doors, I have witnessed the determination, innovation and vision of teachers, our finance and communication teams and board. During this time, as we are preparing to hold the children and students anew, I was part of hours of discovery and debate, and collaboration and coordination. To create a thoughtful distance-learning approach for both early childhood and grades families and begin complex financial planning in such a short period of time since the school doors closed, shows me the strength of who we are. I want you to know how lucky we are to have our school community.

This morning an overview of our distance learning plans were sent to you. **As part of this change, learning packets and personal belongings for early childhood and grades students will be available tomorrow for pickup at school between 8 AM and 3 PM.** We want to ensure that a minimal number of people are present on campus at any given time, so scheduling a specific time you will come by the school will help us uphold social distancing best practices.

Please [CLICK HERE](#) to sign up for the time you plan on picking up the items from school.

Lori Robertson, from our front office, and Paul Pace, who is a parent of two children in our grade school, will be at the school to greet you when you arrive. When you get to campus tomorrow, just remain in your car. Lori and Paul will make sure that your items are brought out to your car for you.

**This is also an opportunity for you to drop off your 2020-21 re-enrollment documents and Summer Program enrollment paperwork as well.**

If you are unable to come by the school tomorrow between the designated hours, please contact Lori Robertson.

Thank you and please reach out with any questions.

Kelli
